

Declaration

For customs purposes only

The patient carrying this document is dependent on CPAP (Continuous Positive Airway Pressure) treatment because of respiratory disorders during sleep. Respiratory equipment including accessories is only to be used by qualified medical staff and patients.

The CPAP machine has to be carried as handluggage when travelling by airplane to prevent damage to the machine. It does not contain oxygen or any other gas and will not be affected by pressure differences. The machine will not be used during the flight.
